| Bottling Date: | 23rd of August 2005 |
| Blend: | 100% Estate Cabernet Sauvignon |
| Production: | 290 cases |

Description

The 2003 Cabernet vintage seemed to organize itself in a precocious manner, letting us know quite early that it would be worthy of providing a "Reserve" Cabernet Sauvignon for the third vintage in a row. However the final blend, 75% clone 15 Cabernet Sauvignon and 25% clone 4 Cabernet Sauvignon, both from the "Big K" vineyard, seemingly took months to reveal itself.

The clone 15 provided classic Spring Mountain District elements of earthiness, immense structure, and depth while the clone 4 added just the right amount of richness to round out the blend.

This is a wine that has enough rich young fruit and well-textured tannins to enjoy young, or for those with patience, this is a classically structured and balanced wine that will age for years.

Excerpt from Robert M. Parker, Jr.'s, The Wine Advocate,

Issue # 162, December 26, 2005

"Notes of graphite, blackberries, blueberries, and cassis emerge from the 2003 Cabernet Sauvignon Reserve along with underlying sweet earthiness and licorice. It possesses exceptional elegance, a flowery, fragrant bouquet, and gorgeously long, concentrated, intense flavors. Drink this beauty over the next 15 years."
