2018 Merlot, Napa Valley

TASTING NOTES

the town of Saint Helena. Eleven acres of Merlot vines have been planted in the rocky soils surrounding the winery, and it is these vines that produce some of the finest Merlot in Napa. The vineyards are situated above the dense layer of fog that creeps up the Napa Valley most evenings. Consequently the vines warm up earlier in the morning and stay warm through the night. The combination of warm temperatures, steep hillside vine rows and gravelly soils promotes more stress on the vines leading to increased intensity in the finished wine.

The 2018 Keenan Merlot is composed of seventy-six percent Keenan Estate Merlot. Twenty-four percent of the wine is Merlot fruit harvested from the Napa Carneros region. After hand harvesting, the grapes were de-stemmed, then inoculated with Montrachet yeast. Fermentation ranged from ten to fourteen days.

The '18 Merlot has been aged in thirty-three percent new French and American oak barrels for eighteen months. The resulting wine shows intense aromas of black cherry, blackberry, and cassis. Complex nuances of cocoa and coffee bean emerge as the wine opens up. This is a "big" Merlot that will age for many years to come.

REVIEWS

Antonio Galloni, Vinous, January 2021

:

91 Points *"The 2018 Merlot is bright, fresh and floral, all of which make it extremely appealing to drink now. Readers will find a mid-weight, refined Merlot full of charm. Crushed red berry fruit, spice and floral notes linger nicely."*
